

TL-1P & TL-2P

PRODUCTION TOOLROOM LATHES.

Bring production capabilities to your toolroom with the Haas TL-P Series Toolroom Lathes. We've taken our shop-proven TL-1 and TL-2 and added a power chuck, a 4-station tool turret, and a 3000-rpm spindle to create production-ready machines for any shop.

The TL-P models are perfect for toolrooms, schools, garage machinists, and shops needing a last- or second-op machine.
