Products and Price List Update

Products and Price List Update

- Pocket Mill price decreased to \$24,995 in all regions.
- Release RPL-30KG for sale in US/Canada/Mexico
- Expand SB-28Y release to all regions.
- COBOT PKG-30KG is now available on DS-30Y with CBT-30 FRNT ST-30-35 in all regions where COBOT PKG-30KG is released.
- COBOT PKG-30KG is now available on all versions of ST-40 and ST-45 with CBT-30 FRNT ST-40-45 in all regions where COBOT PKG-30KG is released.
- ROBOT PKG-1 is no longer available on ST-10L, ST-10LY, ST-15L, ST-15LY, ST-20L, ST-20LY, ST-25L, ST-25LY, ST-28L, ST-28LY, DC-1, DC-1/40, in all regions.
- ROBOT PKG-1 is no longer available for side loading on DC-2, and DC-2/40 in all regions.
- ROBOT PKG-7KG is no longer available on ST-20L, ST-20LY, ST-25L, ST-25LY, ST-28L, ST-28LY in all regions.
- ROBOT PKG-2 is now available on DS-20Y, DS-25Y, and DS-30Y with 20-35 HRP-2 INST in all regions where ROBOT PKG-2 is released.
- ROBOT PKG-25KG is now available on DS-20Y, DS-25Y, and DS-30Y with 20-35 HRP-25 INST in all regions where ROBOT PKG-25KG is released.
- ROBOT PKG-3 is now available on UMC-1250/50 with UMC-1250 HRP3 SIDE in all regions where ROBOT PKG-3 is released.
- ROBOT PKG-3 is no longer available on VF-5/40TR, VF-5/50TR, VF-6/40TR, and VF-6/50TR in all regions.
- ROBOT PKG-50KG is now available on UMC-1250/50 with UMC-1250 HRP-50 SIDE in all regions where ROBOT PKG-50KG is released.
- ROBOT PKG-50KG is no longer available on VF-5/40TR, VF-5/50TR, VF-6/40TR, and VF-6/50TR in all regions.
- CABCOOL changed from optional to a standard on ST-40SY, ST-45SY, ST-40Y, ST-45Y, ST-40LY, ST-45LY in all regions
- Remove BMT65-24-NLT from being an available option on SB-28, SB-35, SB-35L in all regions.
- 40GAL replaces 55GAL as a standard feature on SB-28 and SB-28Y in all regions.
- 100GAL replaces 55GAL as a standard feature on SB-35, SB-35Y, SB-35L, SB-35LY in all regions.
- 2.5K-40HP-A2-8 replaces 3.2K-40HP-A2-8 as a standard feature on SB-35, SB-35Y, SB-35L, SB-35LY in all regions.
- Release HFL-3015-3 for sale in US/Canada/Mexico. HFL-3015-3 replaces HFL-3015.
- Release HFL-3015-6 for sale in US/Canada/Mexico.
- Remove VARIABLE FLOW CLNT as an available option on GM-2-5AX in all regions.
- Add HIGH PRESSURE COOL as an available option on GM-2-5AX in all regions.
- Release COBOT PKG-20KG-F for sale in all regions.
- Release HAB-3232-CE for sale in HE and CH.
- Add 12K-40T-GREASE-IN as an option on VF-3SS, 3SSYT, 4SS, 5SS, VM-2, VM-3 in all regions.
- Price Drop on 30K spindle option in all regions.

Products and Price List Update

- Pocket Mill price decreased to \$24,995 in all regions.

Pocket Mill

Starting Price: **US\$24,995**

- Full-function, easy-to-use Haas control
- Standard 40-taper spindle
- Available 10-pocket tool changer
- Single- or 3-phase power

The Haas Pocket Mill is small enough to fit into nearly any pocket of space in your shop, while providing the features and performance of our full-size machines, at a very affordable price.

It's the perfect choice for start-up shops, schools, hobbyists, garage machinists, or anyone with limited space and a limited budget.

Current Lead Time 

1 Weeks - Contact your local HFO for delivery times.

Products and Price List Update

- Release RPL-30KG for sale in US/Canada/Mexico

30 kg **Robotic** Pallet Loading System

Starting Price: US\$120,295

The Haas RPL-30KG Robotic Pallet Loading System includes the Haas 30 kg capacity robot, loading station, light curtain, pallet rack, and 3 zero point pallets (expandable to 15 pallets). Includes the Zero Point Ready option, auto window, and remote jog handle when purchased with a machine. Requires the Zero Point Ready option, auto window, and remote jog handle when purchased separately.

- All-inclusive design
- Plug-and-play capabilities to UMCs and VMCs
- Set up and operated via the Haas control
- Includes load station, rack, and 3 pallets
- Expandable to 15 pallets
- Expandable to 30 pallets w/optional 2nd pallet rack

NOTE: The zero point system requires a minimum of 100 psi (6.9 bar) air pressure from the machine.

Haas Robots carry a full two-year warranty.

ADDITIONAL PALLETS AND EXPANSION KITS AVAILABLE AT HAASTOOLING.COM

Products and Price List Update

- Expand SB-28Y release to all regions.

SB-28Y Box Way Lathe

Starting Price: **US\$136,995**

- BMT65 turret
- Hardened and precision ground ways
- Hand-scraped Turcite-B slideways
- 30° slant-bed with 30° Y-axis wedge angle
- Compact footprint

The Haas SB-28Y offers the high dynamic stiffness, load-bearing capacity, and vibration damping associated with traditional box way machines, combined with the powerful, easy-to-use Haas control, and backed by the industry-leading support of the Haas Factory Outlet network.

NOTE: The SB-28Y is not compatible with the Haas Bar Feeder, and is not available with a parts catcher.

Products and Price List Update

- ROBOT PKG-1 is no longer available on ST-10L, ST-10LY, ST-15L, ST-15LY, ST-20L, ST-20LY, ST-25L, ST-25LY, ST-28L, ST-28LY, DC-1, DC-1/40, in all regions.

~~Haas Robot Package 1~~

~~**Starting Price: 47.995 €**~~

~~The Haas Robot Package 1 is a fully integrated, plug-and-play, 7 kg capacity robot system for Haas machines. The system is controlled entirely from the Haas control. Includes: 6-axis robot, mounting stand, software interface for direct control through the Haas machine, electrical interface box, safety guarding, and all necessary solenoids, hardware, and cables.~~

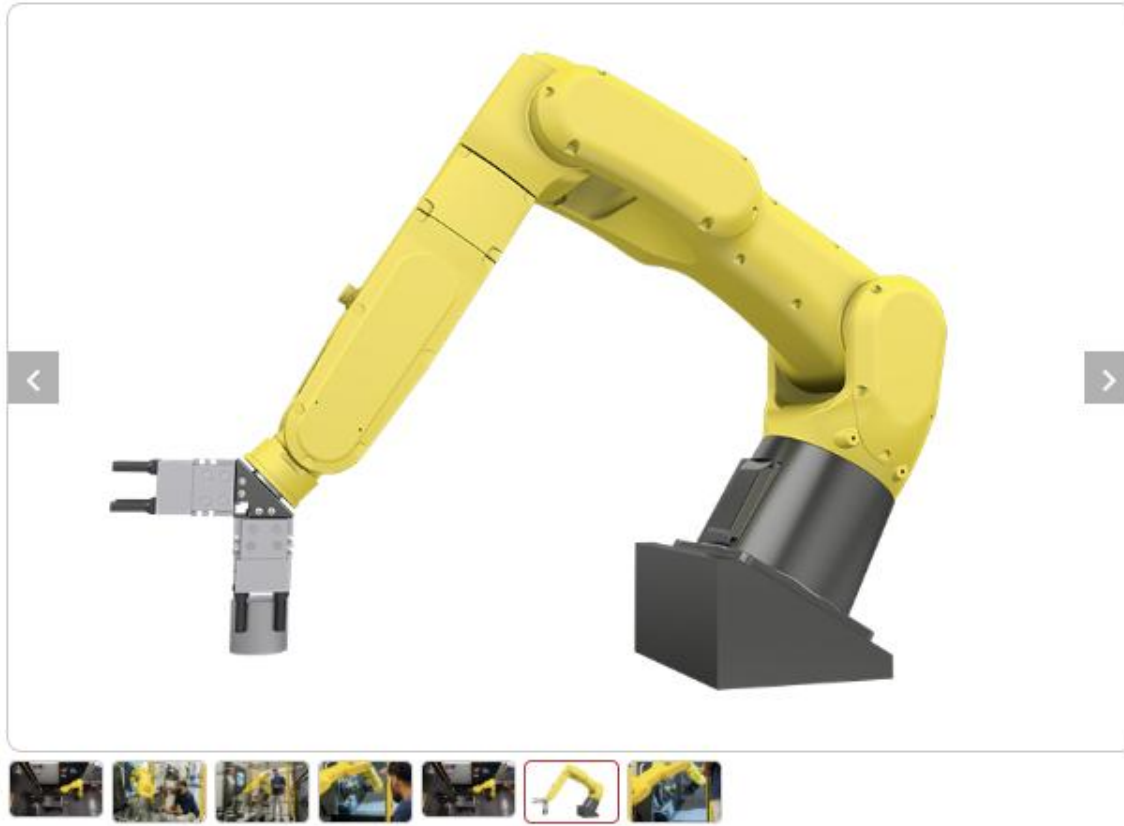

~~7 kg Max Capacity (part + gripper)~~

- ~~• All-inclusive design, with plug-and-play capabilities to Haas small vertical machining centers, DT/DM series, UMC-350HD, UMC-500, and ST-10 through ST-28 turning centers~~
- ~~• Interfaces directly with the Haas control~~
- ~~• All set up and operation is done through the Haas control and remote jog handle~~
- ~~• Single gripper included; double gripper available~~
- ~~• 7 kg capacity at wrist (part + gripper)~~
- ~~• Includes CE compliant safety guard fencing~~
- ~~• No need for additional M-code outputs, or the complex PLC connections used by 3rd-party integrators~~

~~**Haas Robots carry a full two-year warranty.**~~

Available for order in the U.S., Canada, Mexico, and Europe, with estimated delivery Q1 2026.

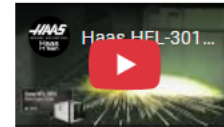

Products and Price List Update

- Release HFL-3015-3 for sale in US/Canada/Mexico. HFL-3015-3 replaces HFL-3015.

HFL-3015 Fiber Laser, 3 kW

Starting Price: US\$149,995

- 3 kW fiber laser
- 120" x 60" (3050 x 1530 mm) work area
- High-speed autofocus sensor head
- Programmable assist gas ports (air, oxygen, nitrogen)
- Dual automatic shuttle tables
- Windows-based laser controller w/large touchscreen
- CypCut laser programming software with nesting capability
- Internal and external cameras for process/safety monitoring
- Remote pendant
- Full enclosure for safety and protection
- Heat-isolated machine bed for stability
- Negative pressure dust removal system

The Haas HFL-3015-3 is a fully enclosed 3 kW CNC fiber laser cutting machine with a high-speed autofocus sensor head and a large work area. The unit has dual shuttle tables that exchange automatically, allowing raw material and finished parts to be loaded and unloaded on one table, while the other table is in the machine, providing near continuous operation.

The 3 kW fiber laser cutting head is optimized to provide excellent cut quality and high efficiency, and features automatic focusing to reduce set-up time and increase accuracy. The laser easily cuts a variety of metals, including carbon steel, stainless steel, aluminum alloy, brass, copper, and even titanium alloy.

MATERIAL CUTTING RANGE

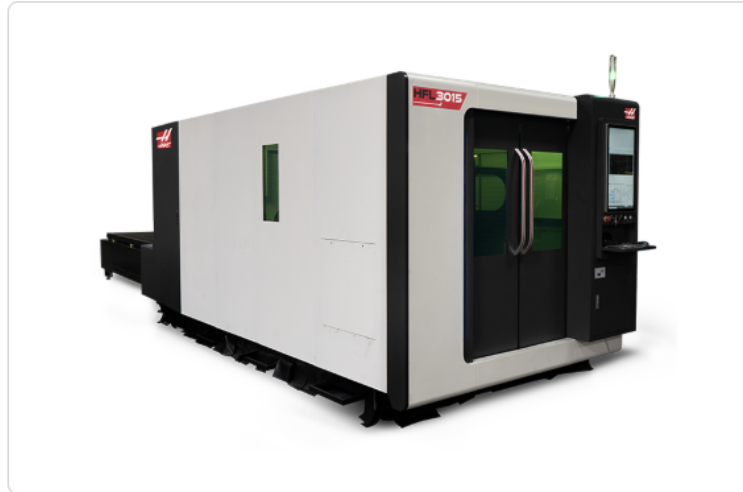

MATERIAL	SAE	METRIC
Carbon Steel	0.016" - 0.71"	0.4 - 18 mm
Stainless Steel	0.016" - 0.31"	0.4 - 8 mm
Aluminum	0.016" - 0.24"	0.4 - 6 mm
Brass	0.016" - 0.20"	0.4 - 5 mm

NOTE: Maximum cutting range varies with material thickness, type of assist gas used, part geometry, cutting speeds, and desired cut quality.

Available to order in North America only, with expected delivery Q1 2026.

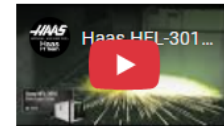

Products and Price List Update

- Release HFL-3015-6 for sale in US/Canada/Mexico.

HFL-3015 Fiber Laser, 6 kW

Starting Price: **US\$179,995**

- 6 kW fiber laser
- 120" x 60" (3050 x 1530 mm) work area
- High-speed autofocus sensor head
- Programmable assist gas ports (air, oxygen, nitrogen)
- Dual automatic shuttle tables
- Windows-based laser controller w/large touchscreen
- CypCut laser programming software with nesting capability
- Internal and external cameras for process/safety monitoring
- Remote pendant
- Full enclosure for safety and protection
- Heat-isolated machine bed for stability
- Negative pressure dust removal system

The Haas HFL-3015-6 is a fully enclosed 6 kW CNC fiber laser cutting machine with a high-speed autofocus sensor head and a large work area. The unit has dual shuttle tables that exchange automatically, allowing raw material and finished parts to be loaded and unloaded on one table, while the other table is in the machine, providing near continuous operation.

The 6 kW fiber laser cutting head is optimized to provide excellent cut quality and high efficiency, and features automatic focusing to reduce set-up time and increase accuracy. The laser easily cuts a variety of metals, including carbon steel, stainless steel, aluminum alloy, brass, copper, and even titanium alloy.

MATERIAL CUTTING RANGE

MATERIAL	SAE	METRIC
Carbon Steel	0.016" - 0.87"	0.4 - 22 mm
Stainless Steel	0.016" - 0.63"	0.4 - 16 mm
Aluminum	0.016" - 0.47"	0.4 - 12 mm
Brass	0.016" - 0.39"	0.4 - 10 mm

NOTE: Maximum cutting range varies with material thickness, type of assist gas used, part geometry, cutting speeds, and desired cut quality.

Available to order in North America only, with expected delivery Q1 2026.

Products and Price List Update

- Remove VARIABLE FLOW CLNT as an available option on GM-2-5AX in all regions.

Variable Flow Coolant

Standard on some models

Control coolant flow via M-code

Products and Price List Update

- Add HIGH PRESSURE COOL as an available option on GM-2-5AX in all regions.

High-Pressure Flood Coolant

Starting Price: **US\$2,195**

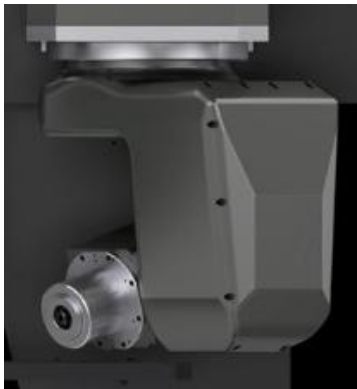

- Fixed displacement gear pump provides up to 14 gpm (53 L/min) of flow
- Provides up to 60 psi (4 bar) of coolant pressure at the spindle
- Clears chips from deep pockets to prevent recutting
- Higher coolant flow for deep-hole boring
- Reduces material work hardening and increases tool life
- Produces better surface finishes by clearing chips

The number one cause of premature tool failure is re-cutting chips. Our High-Pressure Flood Pump delivers up to 45% more coolant to the cutting zone – at higher pressure – to flush out chips and swarf. High-volume, high-pressure coolant is delivered through our multi-nozzle flood coolant ring to maximize efficiency.

ATTENTION: This system is louder than the standard flood coolant system, due to the higher pressures involved, and the spur gear drive system. It is operating as expected.

NOTE: Not compatible with the **Auxiliary Coolant Filter (ACF)** option.

Products and Price List Update

- Release COBOT PKG-20KG-F for sale in all regions.

Haas 20 kg Cobot Package, Fanuc

Starting Price: US\$64,995

All-in-one cobot kit for your new machine! The Haas 20 kg Cobot Package includes everything required to run your new cobot directly from the Haas control. This kit features the **HC20-F Cobot** with a 20 kg capacity, tablet teach pendant, dual pneumatic grippers, protective barriers, a parts table, a part flip station, and all necessary hardware and cables.

20 KG CAPACITY | 1418 MM REACH

AVAILABLE ON:

Small and medium VFs, ST-20 through ST-35, DS series, DC-1s, DC-2s, DTs, DMs, UMC-400/SS, UMC-500/SS, and UMC-750/SS

**Does not ship pre-built. The temporary mounting base is for optional use, and is not included in Europe. Floor mounting is recommended. Cobot carries a 2-year warranty.*

COBOT PKG-20KG-F: December

Products and Price List Update

- Release HAB-3232-CE for sale in HE and CH.

HAB-3232-CE Automatic Bandsaw

Starting Price: 26.495 €

- Max cutting height – 12.6" (320 mm)
- Max cutting width – 12.6" (320 mm)
- AI mode
- Wheel adjustable feedrate
- Hydraulic blade tension
- Automatic chip auger
- Bar stacking capability
- Manual and automatic modes
- Memory for multiple jobs
- Full CE safety controls and guarding

Elevate shop productivity and precision with the Haas HAB-3232-CE Automatic Bandsaw, designed to meet the rigorous demands of automated metal cutting. Engineered for precision, our bandsaw delivers smooth, clean cuts on a variety of metals, from steel to aluminum. The HAB-3232-CE can cut different lengths in the same cycle, and has bar-stacking capability for extra efficiency.

Featuring an intuitive control panel, the HAB-3232-CE offers user-friendly operation. Use AI Mode to let the saw determine its own feedrate, or use the adjustment wheel to make fine adjustments and determine what feedrate works best.

Includes full CE safety controls and guarding.

Products and Price List Update

- Add 12K-40T-GREASE-IN as an option on VF-3SS, 3SSYT, 4SS, 5SS, VM-2, VM-3 in all regions.

HAAS RIGHT ANGLE HEADS BY MST/KITAGAWA

Unlock new machining possibilities with Haas right angle heads. Designed for swarfless saw with the Mini-Spindle C-Axis, and adaptable to any machine with the proper locking block, these precision tools let you reach features that a standard mill spindle simply can't. From deep bores to the ends of long parts, or tight areas blocked by surrounding features, right angle heads expand what your machine can do. Best of all, they're fully compatible with Haas Side-Mount Tool Changers, keeping your setups efficient and production-ready.

Drill/Mill Heads
The go-to solution for versatility. Perfect for drilling and light milling, these heads use DMT-1 collets to support a wide variety of tools.

Tap Heads
Built-in tension/compression technology automatically compensates for spindle synchronization, protecting both tool and workpiece. Combined with precision taper sleeves that are tapered for each tap size, these heads ensure maximum tap life and the highest-quality threads.

Mini Heads
Big performance in a small package. With a slimmer body and extra-long reach, Mini Heads give you clearance where others can't—ideal for internal features and tall part geometry. Featuring a standard ER-11 collet chuck, they provide broad cutter compatibility to handle a range of operations.

* Financing Terms, Conditions, and Exceptions: References are to an implied interest rate under a conditional sales contract. Interest accrues during the skip period. Down payment, rate, and terms of financing are dependent upon credit approval.

Eligible businesses should have three or more years of operation under current ownership. U.S. and Canada only.

All programs are 10% - 50% down. Must put a minimum of 20% down to get no payments for 3 months. Monthly payment does not include applicable taxes, rigging, or freight charges.

Certain equipment (e.g., stand-alone Rotaries, Shop Equipment, Bar Feeders, etc.) are subject to different rates, terms, and down-payment requirements, unless financed with a machine. No prepayment penalty on any program. Not responsible for misprints or typographical errors. Offer valid on new machine orders placed from October 1 through October 31, 2025.
